

Hello!

*I am so excited about your Mary Kay Party we have scheduled. It will be so much fun! You and your guests will enjoy a pampering hand and lip treatment, facial with our skin care and a mineral makeover.*

*My goal is to keep this easy and simple for you! Consider me your party planner! I am providing you with this Party Packet to help get you started. There is also a catalog to share with anyone who cannot attend. Please take a look at everything and I'll be in touch to see if you have any questions.*

*I will be there rain or shine even if it's just you and me! Please allow at least one week in advance for any rescheduling. Again, thank you so much for scheduling the party! I'm excited to spend time with you and your guests!*
